Approximately 3,000 soldiers use the loop during early morning hours (dawn) for physical training (PT) on Monday through Friday. Vehicles are prohibited from driving on "the loop" during the hours of 0530-0630. All physical training formations will run counter clockwise when utilizing the loop. b. Road guards will be posted to the front and rear of the formation to alert vehicular traffic to slow down. Road guards will be at least 25 meters ahead and behind of the formation. Road guards will wear reflective vests, and during hours of darkness, will carry cone lights.

c. During PT, runners must completely clear the roadways when emergency vehicles, responding to an emergency with flashing lights, are approaching.

d. When running in ability groups, there will be a minimum of two Soldiers in the group to serve as the running road guards to replace current road guards at intersections. Road guards will adhere to the requirements set forth in paragraph 5b, above.

e. All Soldiers that are running in a formation or individually during limited visibility, to include hours of darkness, will wear reflective vests or belts (worn diagonally from right shoulder to left hip) as part of PT uniform. Commanders are responsible for ensuring that running formations have adequate visibility while conducting PT formations on FSH.

f. Running in parking lots is not permitted unless specifically designated and secured.

6. Joggers/runners running on their own will observe the following:

a. No more than two people running abreast on sidewalks or authorized roadways.

b. When using authorized roadways, run facing oncoming traffic and yield to vehicular traffic prior to crossing roads.

c. All personnel will wear a reflective vest or belt (worn diagonally from right shoulder to left hip) during limited visibility to include hours of darkness while running or jogging on the installation. The vest or belt must be visible from the front and rear and unobstructed by clothing or equipment.

d. Wearing of headsets of any type while on installation roads is prohibited. Headsets may be worn while running on off-road track areas. Headsets and personal stereos are prohibited in physical fitness uniform at all times in accordance with AR 670-1, paragraph 1-9, a, 2, b.

However, joggers may run on sidewalks or on the grass along the roads mentioned above. There is a greater risk of injury when running adjacent to streets containing access control points during rush hour.
